Dear _____,

The people of Ireland are facing unprecedented challenges on all fronts - social, economic, political and personal. Many feel overwhelmed and alone when faced with the various situations that confront them on a daily basis.

Ireland Stand Up has launched a Vigil of Hope to be held on Tuesday April 17th. It is an event which hopes to bring people together to pray for peace, the future of our country and their own personal intentions. We would like people to ask their local priest, pastor, rabbi or imam to hold a Vigil of Hope. Alternatively people may like to gather with friends and family members in their own homes.

Ideally this would be a community event which would enkindle a sense of solidarity and hope with the desire to support one another during this time of difficulty.

We encourage the people of Ireland to take part in a Vigil of Hope in their parish, home, office, neighbourhood, village, town or city and help to make this a truly special event.

The Vigil of Hope Poster can be downloaded from www.IrelandStandUp.org

'God puts rainbows in the clouds so that each of us - in the dreariest and most dreaded moments - can see a possibility of hope.'
